

# Badminton Stat Sheet: Serve and/or Shot Placement, % Hit away from middle of court

**Directions:** Watch only one team and record their shots. Mark the location of the player's placement of each shot with a ✓ on the corresponding area of the court. Note the location of serves with an x. The goal is to keep shots away from the center of the court. Circle the team that you are keeping statistics on.

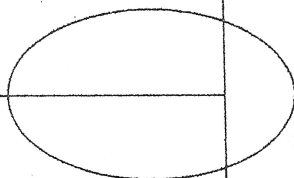

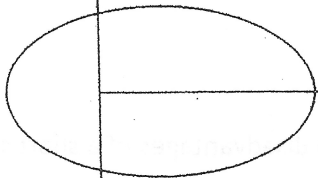

Team Name: _____	Team Name: _____
------------------	------------------

Number of shots away from middle \_\_\_\_\_ Number attempted \_\_\_\_\_ = % of well placed shots

Number of serves away from middle \_\_\_\_\_ Number attempted \_\_\_\_\_ = % of well placed serves

Team Name: _____	Team Name: _____
------------------	------------------

Number of shots away from middle \_\_\_\_\_ Number attempted \_\_\_\_\_ = % of well placed shots
